

DINOV GLUE

REMOVES ALL TRACES OF GLUE

APPLICATION ON SMOOTH SURFACES

POWERFUL GLUE CLEANER

FEATURES

Powerful glue cleaner. Remove all traces of glue from your surfaces, even the oldest ones.

DINOV Glue removes residue on all smooth surfaces. Flammable solution, without emulsifying agent leaves no traces after drying. Not labeled basic vegetable and organic DINOV Glue can be applied on a hot surface. Does not pose a risk to the environment.

MANUAL

Can be used pure or diluted 1 volume of product for one volume of water.

Shake well before use. Spray the glue liberally to dissolve, wait 2 to 5 minutes, then using a suitable spatula, remove the glue.

In case of high thickness residue, repeat the operation.

Rinse with clean water, pat dry.

INFORMATIONS

BASED ON SUBSTANCES
ORGANIC AND VEGETABLE

CONDITIONING

SPRAYER : 1 liter

BOTTLE : 5 liters

BENEFITS

- Dilutable in water in all proportions.
- Acts quickly.
- Advantageously replaces classic thinners: white spirit, acetone, MEK and other petroleum solvents.
