

The background of the advertisement is a dense field of various sizes and colors of grommets, including silver, gold, and black. A blue hand press tool, the GrommetSniper, is positioned in the lower-left quadrant, angled upwards. A thick orange diagonal line runs from the top-left corner towards the center. A white text box with rounded corners is located in the upper-right area, containing descriptive text and a list of features. The bottom of the image features an orange banner with the product name and logo.

Quickly and accurately punch your grommets with INDUSTRY-FIRST grommet alignment fixture!

The GrommetSniper™, made exclusively to fit the CSTEP-2 hand press, lets users precisely space grommets 15 to 80 mm ( 5/8" to 3") from the edge of their substrate and uniformly locate the distance between grommets from 55 to 600 mm (2-½" to 24") apart.

- ✔ Equal spacing and depth without marking.
- ✔ **Easy to Adjust.** Can be locked into place using finger wing-nuts.
- ✔ **Laser etched inch and metric markings.** For precise and easy adjustment.
- ✔ **Easy to install or remove within seconds.** No extra tool is needed.
- ✔ **Shiny finish.** Rust-free.
- ✔ **Durable fixture.** Made of steel.
