

EPOP34-PVC RIGID FILM

Product Specification

Description: Eco-solvent Rigid White PVC film 0.3mm (Semi-Matt)

Product Composition	Specific data	Unit	Remark
Raw Material	PVC		
Material Basic Thickness	0.3	mm±0.010mm	
Coating Thickness	0.04	mm±0.005mm	
Finished Total Thickness	0.34	mm±0.010mm	
Material Basic Weight		gsm±5%	
Finished Total Weight	500	gsm±5%	
Physical Data			
Whiteness	86	%	
Glossiness		%	
Packing & Size			
Core Size	3	Inch	
Packing	1	Roll/Box	
Finished Roll Width	36 / 50 / 60	Inch(“)	
Finished Roll Length	30	Meter	
Compatibility			
Printer Compatibility	Roland, HP, Mimaki, Mutoh, Epson & others		
Compatible Ink	Solvent & Eco-solvent ink		
Operating Specifications			
Operating Temperature	5 ~ 40	°C	
Operating Humidity	30 ~ 70%	Relative Humidity	
Recommendation			
Storage Recommendation	5 ~ 40	°C	
Storage Validity	1	Year	
Application	Display, Pop-up, Roll-Screen Wedding Photo, Poster		
Durability	1 year Outdoor / 2 years Indoor		
Product Introduction			
High quality PVC material with solvent semi-matt coating which possess high weather-resistance. With environment protection coating which can quick dry after printing and have perfect printing effect.
