Eco Canvas Roma Glossy

Data Sheet

Description

Material	100% cotton canvas coated on one side
Coating	White, glossy coating
Properties	High stability against environmental influences Fast drying Brilliant colour reproduction No reflections on the printed surface Natural coloured textile backing Further processing by sewing or eyeleting possible Suitable for stretching on stretched bars (no cracking on edges)
Application	Indoor signs, framed art, outdoor signage, art prints (clichés), poster, exhibition works, stage decoration...
Durability	For medium-term use depending on the ink type
Inks	Eco solvent inks, solvent inks, latex inks and UV curable inks

Laminating

We recommend protecting the printer surface when it is subjected to abrasion, moisture or other mechanical influences. In this case, we recommend protecting the image with an appropriate liquid lamination.

Technical Data

Material	100% cotton canvas
Thickness	440 µm
Weight	370 g/m ²
Dimensions	<div>1370 mm</div> <div>54"</div> <div>any other width can be produced under request</div>
Roll length	25 m (any other length can be produced under request)

Storage

After printing we recommend to remove the remaining roll from the plotter and to keep the canvas in the original packaging in a cool and dry environment.

Notes

Due to the natural components of the cotton in the raw textile, the surface finish of the media can slightly vary. Also, slight colour deviations can occur from production to production.
